Solutions

Service Process

The **GarageSmart®** process is a no-obligation, hassle-free, in-home service. In consultation with you, we design, deliver and install a tailored **GarageSmart®** solution that meets your requirements and expectations.

Your **GarageSmart®** solution can be complete in 3 easy steps:

STEP 1: Call

During your first phone call we will ask you to briefly describe your garage or home storage area and your requirements; this will assist us in selecting an appropriate consultant. We will then arrange with you a convenient time for our consultant to meet with you in your home.

STEP 2: Visit

During this typically one-hour meeting, our **GarageSmart®** consultant will discuss your needs and requirements, design a tailored solution and provide you with a quotation. When you are ready to proceed and have paid a 25% deposit, we will schedule the installation of your **GarageSmart®** solution at a time convenient to you.

STEP 3: Install

Your experienced **GarageSmart®** installation team are fully briefed on your solution prior to their arrival at your home. Your installation is completed professionally and in a timely manner with minimum inconvenience to you.
